

Igor: Seven years with the CDF group at LBNL (9/1997-11/2004)

Thank you for all your great contribution!

SVX Detector huge contributions: chips and hybrids

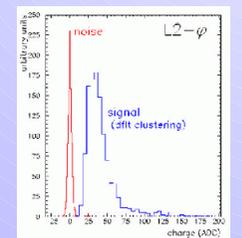

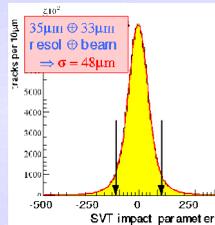

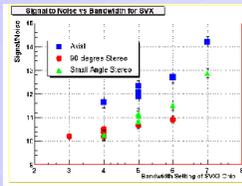

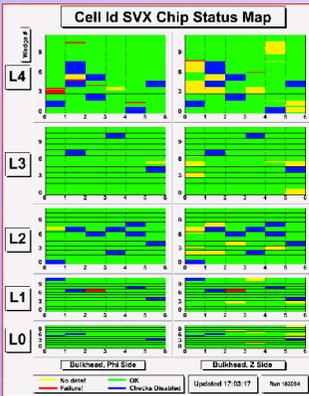

Great job in SVX3D chip testing and probing

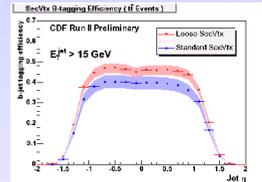

Identified Production problems

Fixed Assembly problem

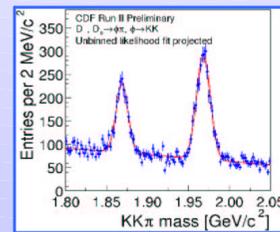

Monitoring and calibration of chips

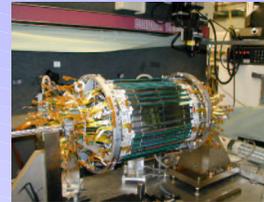

Silicon detector performance S/N, tracking, trigger, b-tagging

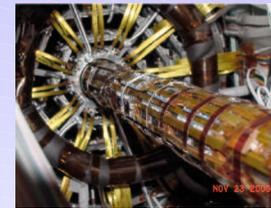

First CDF paper, 12pb-1 Results: M(Ds-) - M(D+)

SVXII

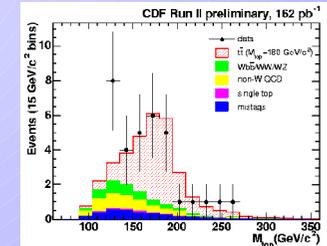

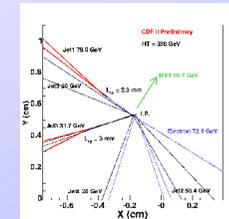

L00

CDF experiment at FNAL

Top mass measurement using b tagging (result of the week)

JES idea, MTM, and much more
